HB1032

VARIOUS PENSION MATTERS (CARBAUGH M) Provides that the assets of the state excise police, gaming agent, gaming control officer, and conservation enforcement officers' retirement plan may be commingled for investment purposes with the assets of other funds administered by the board of trustees (board) of the Indiana public retirement system. Provides that an employer who elects to purchase special death benefit coverage for an eligible emergency medical services provider must pay for the coverage annually as prescribed by the board. Eliminates the guaranteed fund investment option after December 31, 2016, for members of the public employees' retirement fund (PERF) and the teachers' retirement fund (TRF) and replaces the guaranteed fund with an unguaranteed stable value fund investment option. Provides that a miscellaneous participating entity that freezes its participation in PERF must begin payment of its additional contributions to fully fund the service of its PERF members not later than July 1, 2016, or a date determined by the board. Allows the board to charge interest on any amount that remains unpaid after the payment date determined by the board. Provides for the disbursement or investment of annuity savings account money if an unvested member or PERF or TRF is suspended, and discontinues the practice of moving that annuity savings account money to a reserve account. Provides that a retired or disabled member of PERF or TRF who has begun to receive benefits may change the member's designated beneficiary or the form of the member's benefit any number of times. Allows an individual who: (1) is an employee of the state on July 1, 2016; (2) became for the first time, after January 1, 2013, a full-time employee of the state in a position that is eligible for membership in PERF; and (3) is a member of PERF; to elect to become a member of the public employees' defined contribution plan (plan). Requires the individual to make the election not later than July 30, 2016. Provides that for an individual who makes

the election: (1) the individual's service in PERF is considered participation in the plan for purposes of vesting in the employer contribution subaccount, and the individual waives service credit in PERF for the service; (2) the amount credited to the individual's annuity savings account in PERF is transferred to the individual's member contribution subaccount in the plan; and (3) the amounts paid to PERF by the state as employer normal cost contributions for the individual are transferred to the individual's employer contribution subaccount in the plan. Makes a technical correction. (The introduced version of this bill was prepared by the interim study committee on pension management oversight.)

ENVIRONMENTAL MANAGEMENT MATTERS (WOLKINS D) Eliminates references to certain administrative rules that have been repealed. Revises the definition of the term "land application". Provides that the terms "land application operation" and "solid waste" apply to the chapter of the law on wastewater management. Changes the conditions under which the commissioner of the department of environmental management (department) may revoke a temporary variance from an environmental administrative rule. Revises a provision concerning the type of: (1) NPDES permit applications; and (2) applications to renew or modify NPDES permits; for which an antidegradation review is required. Requires the environmental rules board (board) to adopt rules concerning land application of solid waste and industrial waste products. Repeals a section providing for the expiration of the law on mercury switches in end of life vehicles. Changes, from December 31, 2015, to May 1, 2016, the date by which the commissioner of the department is required to submit a report summarizing the information obtained from recycling activity reports concerning the previous calendar year. Amends the law concerning the department's annual report on the implementation of the electronic waste law to provide that the report must discuss the total weight of covered electronic devices recycled during the previous program year (rather than fiscal year). Provides that the statute

concerning environmental legal actions does not apply to an action brought by the state arising from a site considered a high priority site or the site of a release considered a high priority release under the rules of the board concerning priorities in the selection of hazardous substance response sites. Specifies that, under the law concerning rates and charges established by regional water, sewage, and solid waste districts, just and equitable rates and charges are those that give due consideration to the interests of the ratepayers.

DISTRESSED WATER AND WASTEWATER UTILITIES (CHARBONNEAU E) Specifies that for purposes of the statute governing the acquisition of distressed water or wastewater utilities, a "utility company" includes, in addition to a regional sewer or water district, a: (1) public utility; (2) municipally owned utility; or (3) not-for-profit utility; that provides water or wastewater service. Eliminates a provision under which the IURC was not required to approve a petition by an acquiring utility company under the statute to recover the cost differentials associated with the purchase of a distressed utility unless the IURC found that the distressed utility being acquired: (1) served not more than 3,000 customers; or (2) was nonviable in the absence of the acquisition. Provides that the distressed utility being acquired is not furnishing or maintaining adequate, efficient, safe, and reasonable service and facilities for purposes of the statute if the IURC finds that the distressed utility: (1) is the property of a municipally owned utility serving fewer than 5,000 customers; and (2) is being sold by an agreement between the parties that is subject to IURC approval. Provides that in a proceeding under the statute, the IURC shall issue its final order not later than 210 days after the filing of the petitioner's case in chief. Provides that for purposes of the statute and for sales of nonsurplus municipally owned utility property reached by an agreement between the parties, the IURC's order approving the petition or agreement shall authorize the acquiring utility company or purchaser to record: (1) the full purchase price; (2) incidental expenses; and (3) other costs of acquisition; as the original cost of the utility plant in service assets being acquired, allocated in a reasonable manner among appropriate utility in service accounts. For purposes of the statute governing the sale of nonsurplus municipally owned utility property: (1) provides that the municipal executive, in addition to the municipal legislative body (as provided under current law), may make the determination to sell or otherwise dispose of the property; and (2) replaces the requirement that the legislative body adopt an ordinance to appoint appraisers to appraise the property with the requirement that the legislative body or the municipal executive provide for the appointment of the appraisers in a written document that is subject to public inspection. Does the following in the case of an ordinance adopted after March 28, 2016, for the sale or disposition of nonsurplus municipally owned property: (1) Provides that the sale or disposition must be approved by the IURC. (2) Requires the IURC to approve the sale or disposition according to the terms and conditions proposed by the parties if the IURC finds that the terms and conditions are in the public interest. (3) Sets forth a process that applies to the IURC's determination of whether the proposed sale or disposition is in the public interest. (4) Provides that the purchase price of the nonsurplus municipally owned utility property shall be considered reasonable if it does not exceed the appraised value set forth in the required appraisal. (5) Requires the IURC to issue its final order not later than 210 days after the filing of the parties' case in chief. (6) Eliminates the referendum process with respect to the proposed sale or disposition if the IURC determines that certain factors are satisfied.

LOCAL GOVERNMENT BUDGETING (MILLER P) Provides that for each budget year after 2018, the department of local government finance (DLGF) shall certify a political subdivision's budget, tax rate, and tax levy not later than: (1) December 31 of the year preceding the budget year, unless a taxing unit in a county is issuing debt after December 1 in the year preceding the budget year or intends to file a shortfall appeal; or (2) January 15 of the budget year, if a taxing unit in a county is issuing debt after December 1 in the year preceding the budget year or intends to file a shortfall appeal. (Under current law, these certifications must be completed not later than February 15 of the budget year.) Retains the November 1 deadline for a political subdivision to adopt a budget for the following year. Specifies that after 2017, the county auditor shall provide before June 1 an initial estimate of assessed valuations to political subdivisions within the county. For calendar years after 2017, changes: (1) the date by which a county must submit the coefficient of dispersion study and property sales assessment ratio study to the DLGF; (2) the date by which a political subdivision must submit a proposal to establish a cumulative fund to the DLGF; (3) the date by which the budget agency must provide to the DLGF and county auditors an estimate of each county's local income tax distributions for the following year; and (4) the date by which the DLGF must estimate each taxing unit's distribution of local income tax for the following year. Changes other deadlines in the local budgeting process in order to conform to the December 15 deadline for DLGF certification of budgets, tax rates, and tax levies. Provides that the DLGF shall before July 15 of each year provide taxing units with an estimate of the maximum property tax levies that will apply for the ensuing calendar year. Provides that the DLGF must before August 1 of each year provide to each taxing unit an estimate of the amount by which the taxing unit's distribution of property taxes may be reduced by circuit breaker credits in the ensuing year. Provides that for a fund of a political subdivision subject to the levy limits, the DLGF shall calculate and certify the allowable budget of the fund if the political subdivision adopts a tax levy that exceeds the estimated maximum levy limits as provided by the DLGF. Specifies that for a fund subject to levy limits and for which the political subdivision adopts a tax levy that is not more than the levy limits, the DLGF shall review the fund to ensure the adopted budget is fundable based on the unit's adopted tax levy and estimates of available revenues. Requires the budget agency to provide the assessed value growth quotient for the ensuing year to civil taxing units, school corporations, and the DLGF before July 1 of each year. Requires the DLGF to provide to political subdivisions: (1) the maximum property tax rate that may be imposed by the political subdivision for each cumulative fund or other fund for which a maximum rate is established; and (2) the property tax rates that must be imposed by the political subdivision in the following year for debt service. Requires the DLGF to update the estimate before August 1. Provides that in formulating a political subdivision's estimated budget, the proper officers of the political subdivision must consider the net property tax revenue that will be collected by the political subdivision during the ensuing year, after taking into account the estimates by the department of local government finance of: (1) the amount by which the political subdivision's distribution of property taxes will be reduced by circuit breaker credits; and (2) the maximum amount of net property tax revenue and miscellaneous revenue that the political subdivision will receive in the ensuing year. Repeals the statutes concerning county fiscal body nonbinding review of local budgets, tax levies, and tax rates and the nonbinding review pilot project. Requires the county fiscal body to review the following at a public meeting: (1) The estimated levy limits provided by the DLGF. (2) The estimated circuit breaker credit impact on taxing units. Provides that after this meeting is held, the county fiscal body may prepare and distribute a written recommendation for taxing units in the county. For property taxes first due and payable after December 31, 2016, provides that the maximum appropriations for a community intellectual disability and other developmental disabilities center is equal to the maximum allowable appropriation by the county for the preceding year multiplied by the assessed value growth quotient. Specifies that a county shall fund the operation of community mental health centers (unless a lower tax levy amount will be adequate to fulfill the county's financial obligations, as provided under current law) in an amount equal to: (1) the maximum amount that was the could have been levied in the county in preceding year (using the amount calculated under for this purpose in 2004 as the base amount); multiplied by (2) the county's assessed value growth quotient. Requires the DLGF to provide to counties before July 15 of each year an estimate of the maximum appropriation amount for the ensuing year. Provides that for purposes of determining the property tax levy limits, a county's or municipality tax levy excludes all the taxes imposed for a county or municipal cumulative capital development fund. Requires the DLGF to provide annually to each county and municipality an estimate of: (1) the maximum tax rate that the county, city, or town may impose for a cumulative capital development fund; and (2) the maximum amount of property taxes imposed for community mental health centers or community intellectual

disability and other developmental disabilities centers that are exempt from the levy limits for the ensuing year. Requires the DLGF to make a one time permanent adjustment to the levy limits equal to the amount of property taxes imposed on personal property of banks that became subject to assessment in 1989 (this amount is currently excluded under a separate statute). Repeals the statute providing that property taxes imposed by a county or municipality to pay supplemental juror fees (above the required amount) are exempt from the levy limits. Changes the date (from July 1 to June 15 of each year) by which a redevelopment commission must determine the amount, if any, of excess assessed value that may be allocated to the respective taxing units. Urges the legislative council to assign to an interim study committee the study of the procedures by which a political subdivision in a county may: (1) transfer the political subdivision's funds to another political subdivision located in the same county; and (2) transfer additional money from the political subdivision's other funds into the political subdivision's rainy day fund or general operating fund.
