

MAYORS INSTITUTE

March 22 - 23, 2018
Launch Fishers, Fishers

Mayors Institute is a high-level learning experience, designed exclusively for mayors. The Institute is a partnership between Aim and the Indiana Communities Institute (ICI) at Ball State University that's helped to make the program better than ever before.

By participating in the Institute, mayors will gain practical tools that can be applied to the real-life challenges public officials face on a daily basis. During this day and a half program guest speakers and Aim staff will present an agenda of highly substantive sessions that will lead mayors through unique leadership and problem solving exercises with their colleagues from across the state. Featuring many opportunities for the sharing of innovative, effective strategies to run city government, Mayors Institute sessions are timely, relevant and essential.

Aim and ICI will host Mayors Institute, March 22-23, in Fishers. All Hoosier mayors are invited to participate in the Mayors Institute to achieve certification in this exciting city leadership program.

PARTICIPATION AND RECOGNITION IN CITY LEADERSHIP

All Indiana mayors are strongly encouraged to attend at least two Mayors Institute sessions each year. Aim and ICI will award mayors a Certificate of Achievement in three levels. Achievement will be measured by participation and attendance at the Mayors Institute sessions. Additionally, mayors that have reached Indiana City Leadership Ambassador status are eligible for an advanced level: Indiana City Leadership Executive.
