In addition to learning more about these initiatives, it's time for a discussion about municipal rail challenges, such as noise, speed, utility movements, and more.

The Challenges and Rewards of Animal Care and Control

Caring for your city's stray and dangerous animals is often among a mayor's toughest assignments. Learn how new strategies, tested solutions and creative ideas can turn a necessary requirement into a rewarding program.

THURSDAY, JUNE 21

Preparing for Cyber Threats

Talk of cyber threats is everywhere. It's daunting, confusing, and can seem like something only the Targets of the world can afford to tackle. This workshop will help participants understand what they can and should address – and how to pay for it!

10:45 a.m. – 11:45 a.m.

The Latest Telecommunications Laws and Trends

High speed broadband infrastructure and small cell technology are two key innovations cities will need to attract talent and the businesses that follow. Are you up to speed? Get in tune with recent legislative changes and industry trends that will inevitably have an impact on your community.

THURSDAY, JUNE 21 CONTINUED

11:45 p.m. – 1:15 p.m.

Placemaking Economics and the Scaling of Projects

All Hoosier communities are using placemaking as their foremost economic development strategy. There isn't one formula for success – and that's ok! One size doesn't have to fit all. You learn from your peers – regardless of size – and replicate proven recipes for success. Case studies and data will be shared that demonstrate how focusing on quality of place can work in cities of all size.

1:30 p.m. – 5:00 p.m.

Mobile Workshop & Hollywood Casino Behind the Scenes Tour

Back by popular demand, we are getting out of the classroom and hitting the streets for an in-depth mobile tour of our host city. Don't forget your walking shoes! Part of this educational tour will involve leaving the bus and walking through some of the city's newest developments - and a behind-the-scenes tour of Lawrenceburg's key economic asset, Hollywood Casino.

FRIDAY, JUNE 22

9:00 a.m. – 10:30 a.m.

Employee Drug Testing – New Laws and Best Practices

As Indiana begins to relax its marijuana laws by allowing CBD oil for specific medicinal purposes, many questions are arising regarding how such lawful use might impact a community's drug testing policies. Risk management experts from Aim partner Bliss McKnight will review this latest development and offer mayors a refresher course on drug testing policies and related employment concerns.

BALL STATE-ICI/AIM MAYORS INSTITUTE

Attendees of the ICOM Annual Meeting will earn credit in the Ball State-ICI/Aim Mayors Institute. By participating in the Institute, mayors will gain practical tools that can be applied to the real-life challenges public officials face on a daily basis.
