CODE ENFORCEMENT VIRTUAL WORKSHOP

Wednesday, August 26
9:00 a.m. - 12:30 p.m. Eastern

aim Accelerate Indiana Municipalities

AGENDA

Time	Session
9:00 a.m. – 9:10 a.m.	**Welcome and Opening Remarks**
9:10 a.m. – 10:10 a.m.	**Roles and Responsibilities of Local Officials and Effective Collaboration with County Health Departments** There's nothing like a pandemic to reinforce the need for local units of government to collaborate on matters of public health. This workshop will review general code enforcement roles and responsibilities, particularly those involving local and county health departments, using examples from the ongoing coronavirus crisis.
10:10 a.m. – 10:20 a.m.	**Break**
10:20 a.m. – 11:20 a.m.	**Animal Control and Municipal Ordinances** Municipal animal control issues rank high among Aim's more common code enforcement questions. Specifically, vicious dogs and feral cats still dominate the docket. However, more and more communities are faced with regulating the allowance of chickens and other traditionally rural animals within corporate boundaries. Add in beehives and things get even stickier!
11:20 a.m. – 11:30 a.m.	**Break**
11:30 a.m. – 12:30 p.m.	**Vacant and Dilapidated Buildings** Building and maintaining quality places helps retain and attract people to communities. Among the greatest obstacles are abandoned and unsafe buildings. Understanding your options for taking control and cleaning up your neighborhoods, and learning from communities who are successfully navigating the process, will put you several steps ahead. This panel of experts and peers will help broaden your knowledge and answer your lingering questions!
12:30 p.m	**Closing Remarks**
