

IMMA
Indiana Municipal
Management Association
A State Affiliate of **ICMA**

Dear Colleague:

Please find enclosed the 2021 Indiana Municipal Management Association dues form. IMMA has once again held the line on the cost of membership in recognition of limited budgets; yet the benefits continue to grow. Involvement in IMMA is an invaluable resource to people who hold positions such as ours. IMMA can offer real world solutions to problems through shared knowledge via the municipal managers listserv. The Association provides exceptional networking opportunities, even during these challenging times, using technology to facilitate virtual meetings and a virtual conference. IMMA continually strives to provide exclusive and pertinent content to assist you in successfully carrying out the great responsibilities with which you have been tasked.

The coming year promises to be challenging as we all navigate a paradigm shift locally and both at the federal and state levels as we together emerge from a global pandemic. Together with our strategic partner, Aim, we will strive to keep you as updated as possible concerning the ever-changing conditions we face due to COVID-19. IMMA will also continue to emphasize relevant educational and leadership development opportunities as we journey through 2021. We plan to showcase these efforts and other innovative ideas at our annual conference in a four-part virtual series beginning this spring. Enclosed you will find more information and registration materials for the conference.

If you are currently a member, please know that your participation is greatly appreciated and has a lasting effect on the entire organization. If you have never participated or have been inactive for a time, please consider joining more than 50 community leaders who chose to be part of the immense knowledge base of their colleagues and peers. As municipal managers, others turn to us for answers and leadership, so IMMA needs your valuable experience and input.

In addition to shoring up our professional manager membership base, we will have an increased focus on recruiting affiliate members. Such efforts will result in enhancing our leadership bench strength for future board roles and ultimately for future professional manager positions in Indiana. So, if you have an up-and-coming staffer, please consider registering them as an affiliate member to get them involved early!

Together, as members of IMMA, we can connect and share our successes as well as our disappointments as learning opportunities that will benefit our administrations, our future leaders, and our communities. I look forward to learning with you soon!

On behalf of the Board of Directors, thank you for your commitment to municipal management and to uplifting your communities in the great State of Indiana.

Sincerely,

Nate Thorne

IMMA President

Assistant Town Manager, Town of Plainfield
