New guidance for fully-vaccinated Hoosiers
The CDC released this week new COVID-19 precautions for people who are fully vaccinated. Read what prevention measures you should continue and what has changed.

New high-risk groups eligible
The Indiana Department of Health has expanded the list of individuals with high-risk conditions who are now eligible for vaccination. Hoosiers can review the complete eligibility list. These patients are identified by their physicians and will receive notification via text or email with a unique registration link. (Patients should contact their provider if they have not received notice of eligibility.)
