Starting March 31
Gov. Holcomb announced Tuesday that on March 31, all Hoosiers age 16 and older will be eligible to receive the vaccine. Please NOTE: The Pfizer vaccine is the only one approved for use by the FDA for 16- and 17-year old residents. Search by ZIP code for what type of vaccine is available and sites near you on OurShot.IN.gov. Read the governor’s remarks.

Current eligibility: 40+
Hoosiers age 40 and older can now make a COVID-19 vaccination appointment at OurShot.IN.gov. You must be an Indiana resident and show proof of age. That can be a photo ID or other document, such as a utility bill, bank statement, lease agreement or record from your doctor with your address and date of birth. (Check out our complete eligibility list.)

The Indianapolis Motor Speedway will host a vaccination clinic from 9 a.m. to 7 p.m. the following days:

- April 1 - 3
- April 13 - 18
- April 24 - 30

The clinic will provide the single dose Johnson & Johnson (Janssen) vaccine, and Hoosiers can register at OurShot.IN.gov. Beginning March 31, Hoosiers 18 years of age and older will also be able to register for this site.

Vaccines for Native Americans – March 27
The Pokagon Band of Potawatomi is hosting a vaccine clinic for Native Americans, including state-recognized and historical tribes, as well as Native Hawaiians and Native Alaskans, and other native groups living in Indiana. Appointments are required, must be 18 or older. Second doses will be given on April 24. Call the American Indian Center of Indiana at 317-917-8000 or send an email to frontdesk@americanindiancenter.org.

Vaccine side effect or infection?
It can be hard to know if you are experiencing a vaccine side effect from the shot or a COVID-19 infection. Here's a tool to help you know.

The American Indian Center of Indiana, INC.

To date 1,018,521 Hoosiers have been fully vaccinated!

Helpful Resources
- Proof of vaccination is available at Access Indiana. Scroll down to the “Indiana Vaccination Portal” tile, create an account, and download a vaccination certificate.

“We also are working on plans to distribute vaccine directly to large business and industry partners. We will have much more to come on this as plans are finalized. Our goal is to begin providing vaccine to those employers that have indicated an ability to vaccine their staff in April and then expand further to all industry types sometime in May.”

Dr. Kristina Box, Indiana State Health Commissioner
