Prohibits a financial services provider from declining or otherwise refusing to process a lawful payment card transaction based solely on the assignment or nonassignment of a firearms code to the payment card transaction. Prohibits a financial services provider from disclosing a financial record that: (1) is related to a payment card transaction; and (2) includes protected financial information, including a firearms code used, collected, or assigned in violation of the bill's provisions. Specifies that the bill's provisions apply only to a payment card transaction that is initiated after September 30, 2024, at a firearms retailer that is physically located in Indiana. Provides that upon receiving notice of an alleged violation of this prohibition, the attorney general shall investigate the alleged violation in accordance with the attorney general's investigative demand procedures, subject to the statutory confidentiality provisions that apply to such procedures.

HB1120

STATE AND LOCAL ADMINISTRATION (THOMPSON J) Increases the assessed value limit for the disabled veteran property tax deduction from \$200,000 to \$240,000. Allows that, for purposes of various property tax deductions, an individual has until January 15 of a calendar year in which property taxes are first due and payable to complete, date, and file the required certified statement with the county auditor. Extends through 2025 the expiration of the threshold amounts used for determining whether a political subdivision's project is a controlled project and whether the petition and remonstrance process or the referendum process applies based on the political subdivision's total debt service tax rate. Specifies that a political subdivision's total debt service tax rate does not include a tax rate approved by voters for a referendum debt service tax levy. Extends the current cap on operating referendum tax that may be levied by a school corporation to taxes due and payable in 2025, and provides a formula to determine the cap for that year. Reestablishes, and enumerates requirements and procedures for, a petition and remonstrance and a referendum for controlled projects funded by debt service if the project scope changes from the purpose initially advertised to taxpayers. Adds trailer provisions pertaining to SEA 228-2024 regarding alcoholic beverage taxes on liquor, wine, and hard cider. Requires the state fair commission to approve future dates of the state fair and the state fair board to advise the commission on future dates of the state fair. Provides that a state employee may affirmatively elect to enroll in the deferred compensation plan prior to the auto enroll date on day 31 of the state employee's employment. Requires, effective July 1, 2025, the trustee of the state police pension trust to maintain a supplemental allowance reserve account for the purpose of paying postretirement benefit adjustments. Requires certain political subdivisions to present to the interim study committee on pension management oversight concerning a delinquent employee retirement plan offered by the political subdivision. Increases the maximum date that a member or participant of certain retirement funds can participate in the deferred retirement option plan from 36 to 60 months. Removes a reference in current law to outstanding bonds for which a fee replacement appropriation was made in a provision prohibiting a state educational institution from issuing bonds for refunding or advance refunding of outstanding bonds without approval of the budget agency and the board of trustees of the issuing state educational institution making certain findings. Provides that grant awards authorized in the 2023 budget bill and awarded after December 31, 2024, for regional mental health facility grants to counties for use in constructing new facilities or renovating existing facilities to provide mental health services for certain incarcerated individuals may not exceed \$5,000,000 per county (instead of \$2,500,000 per county). Prohibits a unit from entering into a sister city or cooperative agreement with a city, town, province, county, school, college, or university located in a foreign adversary. Provides parameters for the northwestern Indiana regional planning commission, beginning with calendar year 2025 and for each year thereafter through calendar year 2029, to annually adjust each participating county's portion of the budget. Authorizes the office of the secretary of family and social services (office of the secretary) to implement a risk based managed care program for certain Medicaid recipients. Requires the office of Medicaid policy and planning to convene a workgroup and, with managed care organizations, to conduct a claims submission testing period before the risk based managed care program is established. Authorizes the establishment of home health agency cooperative agreements and provides for the expiration of those provisions on June 30, 2027. (A similar law enacted in 2022 expired on July 1, 2023.) Specifies that a home health agency may contract directly or indirectly through a network of home health agencies. Provides that distributions for curricular materials may not be considered for purposes of determining whether a school corporation met the requirement to expend a minimum amount of state tuition support for teacher compensation. Repeals the requirement that each school maintained by a school corporation and each charter school establish a curricular materials account. Requires a public school to deposit distributions for curricular materials in: (1) the education fund of the school corporation that maintains the school; or (2) the fund in which a charter school receives state tuition support. Adds a provision to allow a redevelopment commission to expend revenues from its allocation fund that are allocated for police and fire services on both capital expenditures and operating expenses as authorized in the 2023 session in HB 1454. Provides that, if a township transitions from a single township firefighting and emergency services fund to two separate funds as authorized under current law, the township legislative body must approve a transfer of the remaining cash balance from the single fund to the two new separate funds and determine the amounts attributable to each fund. Requires the office of the secretary to present to the Medicaid oversight committee a detailed plan for monitoring expenses of the complete Medicaid program. Requires the office of the secretary to present to the budget committee a policy to set a required minimum percentage of the reimbursement for personal care services under the home and community-based services waivers that must be paid to the individual providing the direct service. Provides that, if the county fiscal body of Howard County makes certain findings, the Howard County fiscal body may adopt an ordinance that would impose the innkeeper's tax on a person engaged in the business of renting or furnishing rooms, lodgings, or accommodations located within an inn, a hotel, or a motel for a period of more than 30 days. (Current law limits the imposition of the innkeeper's tax to renting or furnishing rooms, lodgings, or accommodations for periods of less than 30 days.) Provides that an ordinance would not apply to existing rooms, lodgings, or accommodations that were not subject to the 30 day threshold prior to January 1, 2024. Provides that an ordinance may not become effective until after April 30, 2024, and must expire

before July 1, 2025. Requires the county fiscal body, if an ordinance is adopted, to reduce the tax for any person subject to the innkeeper's tax from 8% (current law) to 6% until the ordinance expires. Allows the county fiscal body to return the tax rate to 8% after the ordinance expires. Reinstates a provision that was repealed in SEA 325-2023 (P.L.182-2023) that includes as a "homestead" property that is an individual's principal place of residence, is located in Indiana, and is owned by an entity, if the individual is a shareholder, partner, or member of the entity that owns the property. Amends a redevelopment commission provision defining "residential property" to apply to allocation areas established after June 30, 2025 (rather than June 30, 2024). Amends certain language in provisions in HEA 1199-2024. Makes amending changes to the Grant County local income tax special purpose rate added in HEA 1121-2024. Requires the state and local tax review task force to stud

HB1121

LOCAL INCOME TAXES (THOMPSON J) Extends the expiration of provisions concerning a county with a single voting bloc and the allocation of votes for a local income tax council. Specifies the amount of revenue from a local income tax rate imposed for correctional facilities and rehabilitation facilities in a county that may be used for operating expenses of those facilities. Allows a county fiscal body to adopt a local income tax rate for an acute care hospital located in the county to be used only for the operating expenses of the acute care hospital. Provides that, for the purpose of distributing the local income tax (LIT), if two or more school corporations or civil taxing units merge or consolidate to form a single school corporation or civil taxing unit, the school corporation or civil taxing unit is entitled

to the combined pro rata distribution of the LIT revenue allocated to each applicable school corporation or civil taxing unit in existence on January 1 of the immediately preceding calendar year prior to the merger or consolidation. Provides that the department of local government finance shall make certain adjustments pertaining to the distribution of LIT for Floyd County in 2025, which provide that the Highlander Fire Protection District (district) shall receive an amount equal to the combined distribution that would have been distributed to the Greenville Fire Protection District (FPD) and the Lafayette Fire Protection District (FPD) in 2024, but for their elimination resulting from the merger to establish the district. Requires corresponding adjustments in 2025 to reduce the distribution for each applicable civil taxing unit and school corporation in Floyd County, excluding the district, by an amount that equals the proportionate share of the amount of LIT received in 2024 of the combined distribution that would have been distributed to the Greenville FPD and the Lafayette FPD in 2024, but for their elimination. Provides that funds accumulated from a Perry County special purpose tax rate to construct or improve the county jail after the redemption of bonds issued or final payment of lease rentals due under a lease shall be transferred to a county capital project fund to be used to finance capital projects within Perry County. (Current law specifies that such remaining funds are to be transferred to the county jail operations fund to be used for financing the maintenance and operations of the Perry County detention center.) Allows Grant County, under specified circumstances, to adopt an ordinance to impose a special purpose local income tax rate to fund and finance the construction of a county jail. Provides, for purposes of calculating distributions of the financial institutions tax to local taxing units, how to calculate distributions for a taxing unit that did not receive distributions in 2012 because the unit was subsequently established from the merger or consolidation of two or more taxing units that received distributions from the financial institutions tax fund in 2012. Provides, for purposes of calculating qualified distributions of the commercial motor vehicle excise tax to local taxing units, how to calculate base revenue distributions for a taxing unit that did not receive a base revenue distribution in 2001 because the taxing unit was subsequently established from the merger or consolidation of two or more taxing units that received base revenue distributions in 2001. Provides that, for purposes of determining the apportionment or distribution of the motor vehicle excise tax, that the county auditor may make adjustments to reflect the merger or consolidation of two or more taxing units. Authorizes Knox County to impose its innkeeper's tax at a rate of 8% (instead of 6% under current law). Provides that, if the tax rate is increased to more than 6%, the portion of the tax rate that exceeds 6% expires on December 31, 2045. Authorizes the city of Hammond to impose a food and beverage tax. Authorizes the town of Cicero to impose a food and beverage tax.

BUREAU OF MOTOR VEHICLES (PRESSEL J) Makes a technical correction regarding the calculation of a county's allocation from the motor vehicle highway account fund. Provides that a commercial driver's license and a commercial learner's permit may be issued as a mobile credential. Repeals language allowing the bureau of motor vehicles (bureau) to issue a driver's license or identification card to a person granted parole. Adds a wearable device that blocks, in whole or in part, the field of vision of the person wearing the device to the definition of a "telecommunications device". Clarifies that only handheld telecommunications devices may be used in conjunction with hands free or voice operated technology while operating a motor vehicle. Requires the bureau to state on each of its forms the law or rule making the form necessary. Prohibits the bureau from requiring a person to appear in person for the renewal of a registration for a collector vehicle, a historic vehicle license plate, or an authentic license plate from the model year of a collector vehicle. Allows an individual who is at least 18 years of age and holds a valid commercial driver's license to be issued a hazardous materials endorsement. Amends provisions regarding proof of a veteran's discharge from the armed forces or its reserves or the national guard. Changes the number of commercial vehicles that must be owned for the state department of revenue to issue a license plate for each commercial vehicle from 25 to five. Amends provisions requiring the bureau to provide notice to allow the bureau to provide notice electronically when the individual has indicated a preference for receiving electronic notices from the bureau. Provides

that a driver's license or identification card expires upon the bureau receiving notice of the death of the holder. Allows an individual to electronically apply for the individual's driver's license or learner's permit to be converted into an identification card. Provides that the owner, lessor, or operator of a commercial motor vehicle or a person who leases or rents a commercial motor vehicle to another person is not civilly liable for a tort claim based on the failure to install optional equipment on a commercial motor vehicle unless certain circumstances exist. Deletes provisions allowing the bureau to suspend or revoke the registration of an individual convicted of certain crimes.

subject to the jurisdiction of the IURC for having been issued more than one enforcement order from the department of environmental management (department) may not seek to withdraw from the IURC's jurisdiction during the rate regulation period prescribed in the statute setting forth various requirements with respect to wastewater utilities that have been issued one or more enforcement orders by the department. (2) Authorizes a member or shareholder of the utility to cast a vote by secret absentee ballot on the question of the IURC's jurisdiction over the utility. (4) Provides that the 5% quorum required for members or shareholders to transact business and to take official action regarding the question of the IURC's jurisdiction over the utility includes votes cast by absentee ballot. (5) Provides that if: (A) a utility successfully withdraws from the IURC's jurisdiction; (B) after the withdrawal, a referendum is held on the question of the utility returning to the IURC's jurisdiction; and (C) less than a majority of the votes cast are in favor of returning to the IURC's jurisdiction; another referendum on the question of returning to the IURC's jurisdiction may not be conducted for two years (instead of four years, under current law) following the date of the meeting at which the vote is conducted. IURC AND OFFICE OF ENERGY DEVELOPMENT MATTERS (SOLIDAY E) Repeals the Indiana Code provisions concerning the following obsolete programs and funds administered by the Indiana office of energy development (office): (1) The alternative fuel fueling station grant program. (2) The alternative fuel vehicle grant program for local units. (3) The Indiana coal research grant fund. (4) The office of alternative energy incentives. (5) The alternative energy incentive fund. (6) The center for coal technology research. Makes conforming amendments to other sections of the Indiana Code that reference the repealed provisions. Repeals, in the Indiana Code chapter governing the Indiana recycling market development board (board), a provision that authorizes the office to establish and administer a revolving loan program to make low interest loans for energy efficiency or recycling market development projects. Relocates that provision to the Indiana Code chapter governing the office and removes from the provision language authorizing the office to consult with the board in establishing and administering the program. Provides that, notwithstanding the statutory requirements for a local unit to be certified as a commercial solar energy ready community or a wind energy ready community, the commercial solar and wind energy ready communities development center may make a reasonable determination to certify a unit as a commercial solar energy ready community or a wind energy ready community if the unit: (1) has adopted a commercial solar or wind power regulation and the unit's regulation does not: (A) materially differ from applicable industry or regulatory standards; or (B) otherwise materially affect the ability of a project owner to develop a commercial solar project or wind power project in the unit; or (2) has other clear standards for the construction, installation, siting, modification, operation, or decommissioning of commercial solar or wind power systems and the unit's clear standards meet specified requirements. Amends the Indiana Code section concerning a rate case in which a utility seeks an increase in revenues exceeding \$2,500,000, and with respect to which a public hearing is required, to provide that the Indiana utility regulatory commission (IURC) shall conduct at least one public hearing in one of the following, as determined by the IURC: (1) The largest municipality located within the utility's service area. (2) The municipality containing the largest number of customers served by the utility. (3) The county containing the largest number of customers served by the utility. (Current law requires the IURC to conduct the public hearing in the largest municipality located within the utility's service area.) Makes a corresponding change to the statute concerning rural electric membership corporations. Repeals a provision in the statute concerning incentives for clean energy projects that requires eligible businesses under the statute to file with the lieutenant governor a monthly report concerning purchases of: (1) Illinois Basin coal for energy production or generation; and (2) fuel or energy produced by a coal gasification facility or by a nuclear energy production or generating facility.

Requires the department of local government finance (department) to notify the county assessor of the department's tentative assessment, or information related to tentative valuation changes, of a utility company's distributable property not later than June 1. Reinstates a provision that was repealed in SEA 325-2023 (P.L.182-2023) that includes as a "homestead" property that is an individual's principal place of residence, is located in Indiana, and is owned by an entity, if the individual is a shareholder, partner, or member of the entity that owns the property. Requires a county auditor to submit an amended certified statement of the assessed value for the ensuing year to the department by the later of: (1) September 1; or (2) 15 days after the certified statement is submitted to the department. Provides for a maximum property tax levy increase for Knox Township in Jay County. Prohibits certain civil taxing units that determine they cannot carry out their governmental functions for an ensuing calendar year under various levy limitations from submitting an appeal unless the civil taxing unit receives approval from the appropriate fiscal body to submit the appeal. Requires the department, regarding the referendum process for bonds or leases for certain projects, to certify its approval or recommendations to the county auditor and the county election board not more than 10 days after both the required certification of the county auditor and the language of the public question are submitted to the department for review. Provides for the staggering of terms for property tax assessment board of appeals members. Provides that if the department determines that certified computer software or a certified provider is not in compliance with certain specifications or standards or the rules of the department, the department may request that the provider develop a corrective action plan. Provides the amount of the additional penalty added to taxes payable if a person fails to file a personal property return within 30 days after the due date. Amends a provision regarding the local income tax rate for local costs of the state judicial system in the county. Requires the department to approve a lower levy freeze tax rate if it finds that the lower rate, in addition to: (1) the supplemental distribution as determined in an adopted resolution; and (2) the amount in

certain repealed stabilization funds, as applicable; would fund the levy freeze dollar amount. Provides that certain acute care hospitals may apply to the division of mental health and addiction for certification as a community mental health center. Provides that no ordinance or safety board action to fix compensation may provide for any increase in the compensation of any member of a police department or fire department, or any other appointee, from the prior budget year if the city has not fixed a budget, tax rate, and tax levy for the ensuing budget year.

EMERGENCY MEDICAL SERVICES (BARRETT B) Establishes the community cares initiative grant pilot program for the purpose of assisting in the costs of starting or expanding mobile integrated health care programs and mobile crisis teams in Indiana. Establishes the community cares initiative fund. Requires a health plan operator to provide payment to a nonparticipating ambulance service provider for ambulance service provided to a covered individual: (1) at a rate not to exceed the rates set or approved, by contract or ordinance, by the county or municipality in which the ambulance service originated; (2) at the rate of 400% of the published rate for ambulance services established under the Medicare law for the same ambulance service provided in the same geographic area; or (3) according to the nonparticipating ambulance provider's billed charges; whichever is less. Provides that if a health plan operator makes payment to a nonparticipating ambulance service provider in compliance with these requirements: (1) the payment shall be considered payment in full, except for any copayment, coinsurance, deductible, and other cost sharing amounts that the health plan requires the covered individual to pay; and (2) the nonparticipating ambulance service provider is prohibited from billing the covered individual for any additional amount. Provides that the copayment, coinsurance, deductible, and other cost sharing amounts that a covered individual is required to pay in connection with ambulance service provided by a nonparticipating ambulance service provider shall not exceed the copayment, coinsurance, deductible, and other cost sharing amounts that the covered individual would be required to pay if the ambulance service had been provided by a participating ambulance service provider. Requires a health plan operator that receives a clean claim from a nonparticipating ambulance service provider to remit payment to the nonparticipating ambulance service provider not more than 30 days after receiving the clean claim. Provides that if a claim received by a health plan operator for ambulance service provided by a nonparticipating ambulance service provider is not a clean claim, the health plan operator, not more than 30 days after receiving the claim, shall: (1) remit payment; or (2) send a written notice that: (A) acknowledges the date of receipt of the claim; and (B) either explains why the health plan operator is declining to pay the claim or states that additional information is needed for a determination whether to pay the claim. Removes the requirement that a health plan operator negotiate rates and terms with any ambulance service provider willing to become a participating provider, but retains the requirement that the state negotiate rates and terms with any ambulance service provider willing to become a participating provider.

Provides that the following apply with respect to the owner of a building, structure, or dwelling, other than a multi-family residential property that contains more than four dwelling units, that is served by a customer owned lead service line within or connected to a water utility's system: (1) That upon request by the water utility, the owner shall replace, or cause to be replaced, the customer owned portion of the lead service line by: (A) enrolling in the water utility's lead service line replacement program; or (B) replacing the customer owned portion of the lead service line through the owner's own agents or contractors and at the owner's own expense. (2) That if the owner: (A) does not enroll in the water utility's lead service line replacement program; (B) does not replace the customer owned portion of the lead service line; or (C) fails to communicate with the water utility regarding the replacement; the water utility or the water utility's agent may enter the property to replace the customer owned portion of the lead service line. (3) That the: (A) water utility; and (B) occupant of the property, if the property is occupied by a person other than the owner; are not liable to the owner with respect to any replacement made under these provisions. (4) That if a water utility attempts to avail itself of the remedies set forth in these provisions and is prevented from doing so by the owner of the property, the water utility may, in accordance with state law, disconnect water service to the owner's property. Provides that the following apply with respect to the owner of a multi-family residential property that contains more than four dwelling units: (1) That the owner may elect to participate in the water utility's lead service line replacement program. (2) That the owner must communicate to the water utility the owner's election to participate not later than 45 days after receiving the water utility's request. (3) That if the owner does not communicate the owner's election to participate within this 45 day period, the owner, or any future owner of the property, is responsible for replacing the customer owned portion of the lead service line through the owner's own agents or contractors and at the owner's own expense. Provides that in the case of a: (1) building; (2) structure; or (3) dwelling; that a water utility has determined to be abandoned or unserviceable, the water utility may disconnect water service to the property and require the owner, or any future owner, of the property to install a new service line. Provides that these provisions may be incorporated, without the need for further approval by the Indiana utility regulatory commission (IURC), into a water utility's lead service line replacement plan that has been previously approved by the IURC.

WATER AND WASTEWATER UTILITY INFRASTRUCTURE (KOCH E) Amends the statute concerning the acquisition

by a utility company of a water or wastewater utility to provide that if: (1) the appraised value of the utility property to be acquired does not exceed \$3,000,000; and (2) the purchase price for the utility property is less than the appraised value of the utility property; the acquiring utility company may submit to the Indiana utility regulatory agency (IURC) a filing under a procedure, based on the procedures set forth in the IURC's rules governing 30 day administrative filings, to include in the acquiring utility company's rate base specified costs associated with the acquisition. Sets forth certain information that must be included in an acquiring utility company's filing. Provides that if the IURC approves an acquiring utility company's filing, the IURC: (1) may only authorize that: (A) the full purchase price; and (B) estimated: (i) incidental expenses; and (ii) other costs of acquisition; be recorded as the acquiring utility company's net original cost of acquisition; and (2) shall provide that any estimated: (i) incidental expenses; and (ii) other costs of the acquisition; are subject to a reasonableness review as part of the acquiring utility company's next base rate case. Adds language specifying that the Indiana Code chapter that governs the transfer, acquisition, and improvement of utilities by municipalities applies to a municipally owned natural gas utility (in addition to a municipally owned electric, water, wastewater, or combined water and wastewater utility).

NEIGHBORHOOD AND INDIVIDUAL DEVELOPMENT INCENTIVES (BECKER V) Defines a "community based organization" as a private, nonprofit corporation whose board of directors is comprised of business, civic, and community leaders, and whose principal purpose includes the provision of low income housing. (Current law limits administration, through a financial institution, of an account to community development corporations.) Provides that: (1) the first \$1,500 (rather than \$800) is eligible for a state deposit in an individual's account; (2) the allocation, for each account that has been established, for not more than five years, is \$3 for each \$1 of the first \$1,500 (rather than the first \$400) an individual deposited into the individual's account; and (3) the amount of the allocation may not exceed \$4,500 (rather than \$2,400) for each account. Makes various changes to the administration of and procedure for claiming the neighborhood assistance tax credit and the individual development account tax credit. Removes a

reference to an obsolete tax.
