There is a lot that Indiana's towns and cities have in common and collaboration with one another is among the many things driving Indiana's economy. Aim gathers leaders from Indiana's towns and smaller cities to touch base with a purpose of building relationships, strengthening regional ties, and hearing from state agencies and experts in topics of great interest to our more rural communities. The good food and conversation is a bonus of these events!

This event wouldn't be possible without the support of our sponsors. Please thank Baker Tilly Municipal Advisors, LLC, Boyce Systems, Commonwealth Engineers, Inc., HWC Engineering, and RQAW | DCCM for their steadfast support of Aim and the Aim Roundtables for towns and small cities!

You'll notice that this series doesn't cover all regions of the state. We often switch up the locations and we look forward to being in a region near you in the future! Can't wait? Join us and you just might get a nod for traveling the farthest!

PROGRAM (Based on Local Time)	
5:00 p.m. – 5:30 p.m.	<b>Registration</b>
5:30 p.m. – 6:00 p.m.	<b>Welcome and Introductions</b> <b>Aim at Work</b> Reporting on everything from legislation to events, this quick report will summarize what we are working on at Aim. It's also a great time to ask any questions you have for the on-site Aim team! <b>Aim Roundtable Sponsors at Work</b> Without our Roundtable sponsors, we wouldn't be able to take this show on the road! With lightning speed, so they don't stand between you and your dinner, our sponsors will give you some key facts about their services and wish you bon appetit!
6:00 p.m. – 7:00 p.m.	<b>Working Dinner</b> Once you've had a chance to dig in and chat with your colleagues for a few minutes, we'll begin our dinner program. During our working dinner, we'll hear from a representative of the Purdue Local Technical Assistance Program (LTAP) regarding current events in Indiana transportation. Hear the latest from LTAP on asset management planning, research, road funding, technology and much more. This will be an excellent opportunity to learn and get your infrastructure questions answered.
7:00 p.m. – 8:00 p.m.	<b>Your Community at Work</b> What are you working on back home? Nominate a person from your community to give a brief report to let everyone know about an exciting project, recent success, or challenge you're facing. We'll also hear from any special guests representing state and federal government. This is an important part of the Aim Roundtable experience and the segment where many ideas are shared and then duplicated in other communities!
