HB1002

ELECTRIC UTILITY AFFORDABILITY (SHONKWILER A) Requires an electricity supplier, other than a municipally owned utility, that is under the jurisdiction of the Indiana utility regulatory commission (IURC) to do the following: (1) Beginning with the first monthly billing cycle that begins after June 30, 2026, apply a levelized billing plan (plan) to all active residential customer accounts: (A) for service provided under the electricity supplier's standard residential tariff to a household that is eligible for and has applied for assistance from the state's home energy assistance program; and (B) to which a plan does not already apply. (2) Not later than April 1, 2026, offer each customer a mechanism by which the customer may opt out of a plan at any time without penalty. (3) Not later than July 1, 2026, for any plan offered by the electricity supplier and applied to an active customer account, amend or design the plan so that plan's account reconciliation mechanism is applied at such times during a calendar year to reflect typical seasonal patterns of electricity usage by residential customers, but not more than two times during a calendar year. Prohibits an electricity supplier from referring to or promoting a levelized billing plan as a "budget billing plan" unless the levelized billing plan also provides other specified forms of relief for customers. Authorizes the IURC to adopt rules to implement these provisions. Amends existing law granting the IURC the authority to take certain actions with respect to the rates and services of public utilities during emergency circumstances, as judged by the IURC, to provide instead that the IURC may recommend that the governor declare a disaster emergency or proclaim a state of energy emergency during which the IURC may take such actions. Specifies that the emergency must result from: (1) a national economic depression; (2) an act of war; or (3) a disaster of unprecedented size and destructiveness. Provides that an electric utility, other than a municipally owned utility, may not terminate residential electric service to a customer on any day with respect to which the National Weather Service has forecast, not earlier than 48 hours in advance, a heat index of at least 95 degrees for the location where the customer receives service. Requires an electricity supplier, other than a municipally owned utility, that is under the jurisdiction of the IURC for the approval of rates and charges to report to the office of utility consumer counselor (OUCC) on a quarterly basis certain data concerning residential customer accounts. Requires the OUCC to annually compile and summarize the information

contained in the reports and include the summary in the OUCC's annual report to the interim study committee on energy, utilities, and telecommunications. Provides that an investor owned electricity supplier that is under the jurisdiction of the IURC for the approval of rates and charges must petition the IURC for approval of any change in its basic rates and charges through the submission of a three-year multi-year rate plan (MYRP). Beginning in 2026, requires each electricity supplier to file its first petition with the IURC for approval of an MYRP according to a prescribed schedule. Provides that the base rates for the first rate year of an MYRP shall be established by the IURC in the same manner that base rates would be established in a proceeding for a change in basic rates and charges that occurs outside an MYRP. Specifies that in a petition to the IURC for a multi-year plan, an electricity supplier must include certain information in its case in chief. Provides that for each rate year in an electricity supplier's MYRP, the following apply: (1) A customer affordability performance metric and an associated performance incentive mechanism (PIM) that: (A) is based on the electricity supplier's performance in meeting the customer affordability performance metric; and (B) provides financial rewards or penalties to the electricity supplier based on that performance. (2) A service restoration performance metric and an associated PIM that: (A) is based on the electricity supplier's performance in meeting the service restoration performance metric; and (B) provides financial rewards or penalties to the electricity supplier based on that performance. Sets forth the methods by which the IURC must calculate the prescribed performance metrics and determine the associated PIMs. Sets forth specified findings the IURC must make in approving an electricity supplier's MYRP. Provides that at any time before the expiration of an electricity supplier's approved MYRP, the IURC may, upon its own motion, or at the request of the OUCC or the electricity supplier: (1) examine the electricity supplier's rates under the MYRP; (2) conduct periodic reviews with opportunities for public hearings and comments; and (3) adjust the base rates or PIMs under the MYRP. Beginning in 2029, requires the IURC to include in its annual report certain information about: (1) the status of electricity suppliers' MYRP filings and current MYRPs; (2) electricity suppliers' calculated performance metrics for the current rate year; and (3) the impact of all applicable PIMs on customer rates. Requires the IURC to adopt rules to implement these provisions. Requires an electricity supplier, other than a municipally owned utility, that is under the jurisdiction of the IURC to offer, not later than July 1, 2026, a low income customer assistance program (program) that provides financial assistance to low income residential customers for the payment of monthly bills for utility service. Requires an electricity supplier to annually fund its program in an amount equal to: (1) at least 0.2% of the electricity supplier's jurisdictional revenues for residential customers; plus (2) any contributions from governmental agencies or programs or from other third parties. Provides that if a customer who applies for assistance is eligible for assistance under the program, the electricity supplier shall enroll the customer in the program. Provides that an electricity supplier may, but is not required to, petition the IURC for approval to recover eligible program costs. Provides that "eligible program costs" do not include costs recovered by the electricity supplier through contributions that are provided at no cost to the electricity supplier. Beginning in 2027, requires the IURC to include each year in its annual report specified information concerning each electricity supplier's program with respect to the most recently concluded state fiscal year. Requires the IURC to adopt rules to implement these provisions.

Specifies fees that apply to the sale or transfer of the licensed owner's or permit holder's interest in the owner's license within 10 years. SB14

PENSION MATTERS (ROGERS L) Modifies the definition of "average of the annual compensation" for a member of the public employees' retirement fund (PERF) who retires after December 31, 2027. Specifies that compensation received in contemplation of retirement is excluded from the average of the annual compensation for particular members of PERF and the Indiana state teachers' retirement fund (TRF). Repeals a provision requiring the board of trustees of the Indiana public retirement system (board) to maintain separate accounts for each unit of local government. Provides that amounts forfeited under the public employees defined contribution plan must be used as determined by the board. (Current law requires these amounts to be used to reduce the unfunded accrued liability of PERF.) Specifies a process by which a fully vested member of the public employees' defined contribution plan or the teachers' defined contribution plan may irrevocably elect to participate in PERF or TRF, as applicable. Modifies the information that must be included in a delinquency notice to a delinquent political subdivision. Modifies the requirements that apply to certain PERF members purchasing and claiming years of service credit in PERF. Allows, subject to particular requirements, certain TRF members to purchase and claim years of service credit in TRF. Allows a PERF or TRF member's employer to pay all or part of the member's contributions required for purchase of service credit. Allows a wage assignment to be made for the purpose of paying voluntary contributions of an employee of a political subdivision to a tax deferred retirement account. Provides that a municipality, a unit, an airport authority, a school corporation, or a charter school may require certain members of PERF to continue as members of that fund instead of the 1977 police officers' and firefighters' pension and disability fund. Makes conforming amendments. (The introduced version of this bill was prepared by the interim study committee on pension management oversight.)

IMMIGRATION MATTERS (BROWN L) Provides that if a law enforcement officer, governmental body, or postsecondary educational institution is made a party to a civil suit and the attorney general determines that the suit has arisen out of certain immigration matters, the attorney general may defend the law enforcement officer, the governmental body, or the postsecondary educational institution if representation is requested and the actions subject to the suit do not violate federal or state law. Provides that the prohibition on governmental bodies or postsecondary educational institutions limiting or restricting the enforcement of federal immigration law applies regardless of whether the enforcement related activity is carried out by a federal, state, or local law enforcement agency. Removes the mens rea standard in the statute concerning governmental bodies or postsecondary institutions violating the citizenship and immigration status information and enforcement of federal laws chapter. Provides that if the attorney general determines that probable cause exists that a governmental entity has not complied with certain requests, the attorney general may bring a court action to: (1) enjoin an act or practice constituting a violation; (2) impose a civil penalty for noncompliance; and (3) and obtain other such relief as is necessary. Provides that before bringing an action against a county jail for certain violations, the attorney general shall consult with the department of correction concerning the most recent inspection report and provide the county jail with notice of the attorney general's probable cause determination. Provides that a governmental body that has the custody of an individual who is the subject of an immigration detainer request shall: (1) provide the judge authorized to grant or deny the individual's release on bail notice that the individual is subject to an immigration detainer request; (2) record in the individual's case file that the individual is subject to an immigration detainer request; (3) comply with the immigration detainer request; and (4) inform the individual that the individual is being held pursuant to an immigration detainer request. Provides immunity to a governmental body or an employee of a governmental body for any action taken concerning an immigration detainer request as long as the action does not violate federal or civil law. Requires a judge who receives notice that an individual is subject to an immigration detainer request to ensure that the notice of the immigration detainer request is recorded in the court's record. Provides that the department of correction shall, in consultation with the attorney general, identify options for training concerning minimum standards for county jails. Provides that compliance with certain standards and the results of an inspection do not preclude and are not a defense to the attorney general bringing an action under IC 5-2-18.2. Provides that the department shall submit to the state budget committee status update reports. Requires the office of the secretary to submit a report to the legislative council concerning certain immigration matters. Provides that each hospital shall, not more than one hundred twenty (120) days after the end of each calendar quarter, file with the state department beginning January 1, 2027, in cases where Medicaid is the patient's payor, the form of identification, if any, used by the patient when the patient was admitted. Specifies that it is unlawful for an employer to knowingly or intentionally recruit, hire, or continue to employ an unauthorized alien in Indiana. Allows the attorney general to bring an enforcement action against an employer if the attorney general determines that probable cause exists that the employer has violated certain recruitment and hiring restrictions concerning an unauthorized alien. Prohibits an employer from discharging or discriminating against an employee because the employee communicated or cooperated with the attorney general. Provides that indecent nuisance means a place in which human trafficking is conducted and is not limited to a public place. Provides that a governmental entity that employs a prosecuting official is entitled to investigative costs, court costs, and reasonable attorney's fees incurred in an indecent nuisance action if the existence of an indecent nuisance is admitted or established in the action.
